Managing and creating electrical diagrams, learning the elements of auto mechanics, and learning multiplexing.

BAC Vehicle Maintenance

09/2010 – 06/2013

Introduction to car mechanics.

We are Randstad Digital

Randstad Digital is a leading technology partner that accelerates digital transformation for businesses by providing talent, production capabilities, and packaged solutions in specialized fields. Our expertise enables you to strengthen your team while connecting you with skilled professionals worldwide who align with the technologies you've chosen.

We focus on packaged solutions, empowering businesses to achieve their objectives quickly and efficiently. We operate across four service lines: customer experience (UX/UI), digital engineering and product engineering, data & analytics, and cloud & infrastructure. To achieve this, we offer our clients three engagement models: expertise, competency centers, and packaged solutions.

Launched on August 30, 2023, Randstad Digital has an in-depth understanding of the labor market, enabling us to support our clients in their digital transformation projects with our diversified and agile expertise and methodologies. Our 46,000 employees worldwide positively impact society by helping people achieve their full potential throughout their professional lives.

Randstad was founded in 1960, with its headquarters in Diemen, the Netherlands. In 2022, across our 39 markets, we helped over 2 million people find jobs that suited them and advised more than 230,000 clients on their talent needs. We generated €27.6 billion in revenue. Randstad N.V. is listed on Euronext Amsterdam.
